EDITORIAL MEXICANA

Mexican
Publishing
Houses Index

PRESENTATION

The Mexican Book Publishing Chamber (CANIEM, by its acronym in Spanish) has as one of its main objectives to promote and to strengthen our publishing industry. In accordance with this mission, we are pleased to introduce the Directory of Publishing Companies of Mexico, an initiative that collects the contact information of companies affiliated with CANIEM which decided to be part of this valuable tool.

Within a context framed by a decrease of economic activity in various sectors, having resources that allow the publishing industry to stand out and prosper results essential. In that way, the Directory of Publishing Companies of Mexico arise as a fundamental tool for those people interested in establishing business relationships with publishers that operate in our country.

This directory consists not only of a collection of contact information, but it is also a testimony to the diversity and richness of publishing production in Mexico. Industry participants and potential collaborators are given through it a window to discover and connect with a constantly evolving publishing universe.

CANIEM is proud to introduce this Directory as part of its constant commitment to promote and encourage the growth of the Mexican publishing industry. We invite all interested parties to explore these pages and make the most of the opportunities that this tool offers for the benefit of our publishing community.
